# The Challenges in Chemical Industry Supply Chain:

## 1. Nature of chemical product

Usually heavy, bulky, time-sensitive, difficult to store and hazardous and hence high logistics cost.

## 2. Waste and inefficiency

Hindering processes and profits.

## 3. Safe and security

Special cares and treatments are essentials.

## Our Approaches:

**Our experience:** Decades of experience enables us to turn waste to logistics success.

**Our commitment:** Customers always come first. We are wholly dedicated.

**Our leadership:** At least one account manager of strategy team for one customer.

## Our solutions:

### International:

Combining the control of local carrier and understanding of the ever-changing dynamics of overseas shipping. We tailor every international shipping solution for you and your customers' specific needs.

### Intermodal

Your cargo always remains in one container throughout the entire route and you can always track it with just a few clicks. We only select carriers with proven reliable standards for our repeat business.

### Competitive freight

Competitive advantage relies heavily on your freight solutions. Our team supports a wealth of market information and aids in mode selection and leveraging negotiation positions. Our solutions result in quick ROI, with condensed timeframes and significant savings from start to finish.

## Our services include:

- Professional analysis of freight rates for potential savings
- Seamless integration with existing internal and external resources
- Real-time visibility of transportation for precise tracking
- Global insight and positioning for international transportation
- Compliance with safety and environmental regulations
- Streamlined intermodal transportation and rail fleet management
- Comprehensive load monitoring and reporting
