

Less is More

IN CHEVALIER AOC, WE SPEAK LOGISTICS

AS OUR NATIVE LANGUAGE. SO YOU HAVE LESS TO EXPLAIN AND MORE TO EXPECT

As the key city on China's southern coast, Hong Kong is ideally located at the heart of Asia's high growth markets. Its convenient location and business environment make it an ideal centre from which to manage regional business. Hong Kong lies within an hour's drive of the Pearl River Delta – one of the world's largest manufacturing regions – and within a five-hour flight of half the world's population

Hong Kong-based companies have unrivalled access to the huge potential of the Chinese market. The city's business influence across China is extensive and deep. Hong Kong provides almost half of the Mainland's inward investment, while the Mainland is the city's largest trading partner. Whether it's manufacturing, sourcing, or identifying new customers, Hong Kong's geographical position and network of contracts have given the city a proven competitive edge across China.

INTRODUCING CHEVALIER AOC

Established in 1978, Chevalier AOC Freight Express Holdings Limited is a Hong Kong-based freight forwarding company and subsidiary of Chevalier Group, a publicly listed company at Hong Kong. Chevalier AOC specialized

in the transportation of time-critical freight for the air or ocean industry. Chevalier AOC, together with more than 100 (air and ocean) carriers, ensure that we have the resources to satisfy most customers' needs, anywhere in the world. Furthermore, we have a service network that spans the United States and China, with a corporate commitment to deliver second to none service.

Abandoning the 'one size fits all' approach, Chevalier AOC offers logistics solutions customized to the needs of different sizes and types of companies. They are designed to meet the current and future needs of the customers.

Our success has been founded on long-term relationships with both our customer and our staff.

SEA FREIGHT MANAGEMENT

Chevalier AOC's sea freight products offer the capacity, frequency and pick-up and delivery options necessary for smooth operations in a dynamic, global marketplace. We provide both Full Container Load (FCL) and Less than Container Load (LCL) services for your day-to-day shipments, as well as

out-of-gauge and break bulk services for your non-containerized cargo. Our freight experts are compliant with the latest advanced cargo handling and security requirements and are available to assist with your pick-up and export handling, import handling and delivery, and capacity management. Chevalier AOC's pre-clearance services, administered by customs specialists well versed in current laws and regulations, streamline processes and deliver accurate documentation.

Our competitive rates, frequent sailings and customizable services are available through Chevalier AOC's dedicated Non-Vessel Operating Common Carrier (NVOCC). We has signed rate volume agreements with many global and specialized niche carriers to make more individual services available to you. As a result, Chevalier AOC can offer multiple sailings per week in every carrier alliance. We also issue negotiable Bills of Lading and Express Cargo Bills for the immediate release of your cargo at its destination, as well as EDI bookings and event statuses with major carriers. Chevalier AOC gives you the cost savings, convenience and trust that come with a single-source carrier.

Product Range

FCL – ensures the availability of equipment whenever and wherever you need to ship a complete container of cargo.

LCL – supports partial container loads with regular and reliable connections worldwide.
